STATEMENT PURSUANT TO GENERAL INSTRUCTION E TO FORM S-8

The contents of our Registration Statement on Form S-8 (File No. 333-10990), filed with the Securities and Exchange Commission (the “Commission”) on October 8, 1999 (the “Prior Registration Statement”), and our two Current Reports on Form 6-K, furnished to the Commission on March 19, 2004, are hereby incorporated by reference.

Explanatory Statement

This Registration Statement covers 1,000,000 ordinary shares of AngloGold Limited that may be offered and sold from time to time under the AngloGold Limited Share Incentive Scheme (as amended through April 30, 2002) (the “Scheme”).

The Prior Registration Statement covered 189,000 Shares (as adjusted) subject to then currently outstanding awards and 309,000 (as adjusted) Shares available for future issuances under the Scheme, for an aggregate number of 498,000 Shares.¹ At the general meeting held on April 30, 2002, our shareholders approved amendments to the Scheme that provide for the grant of performance related options, which may be exercised in full three years after the date of grant, subject to the attainment of specified performance conditions. Performance related options are the only type of option which may be presently granted under the Scheme. Prior to such amendments, options granted under the Scheme vested over a five-year period on the second, third, fourth and fifth anniversaries of the date of grant. No further time vested options will be granted and February 1, 2012 is the last date that these options may be exercised, or they will lapse.

In addition to the amendments approved at the general meeting of the Registrant’s shareholders held on April 30, 2002, there have been several other minor amendments made to the Scheme.

¹ The Prior Registration Statement as filed with the SEC on October 8, 1999, registered 94,500 ordinary shares of the Registrant subject to outstanding awards under the Scheme and 154,500 ordinary shares of the Registrant available for future awards under the Scheme. Such ordinary shares of the Registrant then had a par value of ZAR0.50 each. The Registrant effected a two-for-one share split, which became effective at the close of business on December 24, 2002, resulting in an aggregate number of 498,000 ordinary shares being registered on the Prior Registration Statement.
